Postharvest News and Information

is a bimonthly journal with news, reviews and abstracts from the CAB ABSTRACTS database

Managing Editor
K.K.S. Bhat BSc, MSc, Docteur ès Sciences, MIHort

Editor
A.J. Rendell–Dunn BSc

Editorial Advisory Board

Dr B.R. Champ
Australian Centre for International Agricultural Research, Canberra, Australia

Professor A.A. Kader
Department of Pomology, University of California, Davis, California, USA

Dr C. Knight
Campden Food Preservation Research Association, Chipping Campden, UK

Dr J.A. McFarlane
Natural Resources Institute
Chatham Maritime, Kent, UK

Dr M.E. Nellist
AFRC Institute of Engineering Research, Silsoe, UK

Professor R.E. Paull
Department of Plant Molecular Physiology, University of Hawaii at Manoa, Honolulu, Hawaii, USA

Professor A.R.A. Razak
Faculty of Agriculture, University Pertanian Malaysia, Selangor, Malaysia

Dr V. Wright de Malo
Escuela Agricola Panamericana, Zamorano, Tegucigalpa, Honduras

For further details of the whole range of CAB International publications and services see back cover.

Orders and enquiries concerning current subscriptions and back numbers of this journal should be sent to the Marketing & Sales Division at the above address.

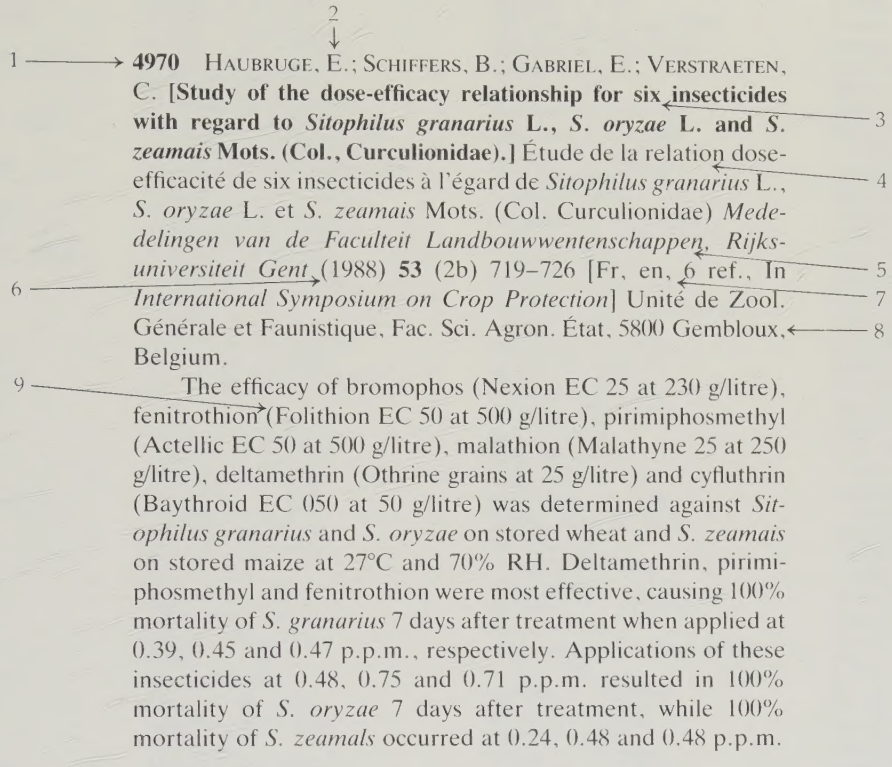
READERS' GUIDE TO ABSTRACTS

The layout of an abstract is indicated below:

1 Abstract number
2 Authors
3 English translation of title
4 Title
5 Journal or other document
6 Year, volume, part and pagination
7 Language of text, language of summary and other bibliographic details. For language abbreviations see below.
8 Address of first author
9 Abstract



4970 HAUBRUGE, E.; SCHIFFERS, B.; GABRIEL, E.; VERSTRAETEN, C. **[Study of the dose-efficacy relationship for six insecticides with regard to *Sitophilus granarius* L., *S. oryzae* L. and *S. zeamais* Mots. (Col., Curculionidae).]** Étude de la relation dose-efficacité de six insecticides à l'égard de *Sitophilus granarius* L., *S. oryzae* L. et *S. zeamais* Mots. (Col. Curculionidae) *Mededelingen van de Faculteit Landbouwwentenschappen, Rijksuniversiteit Gent* (1988) **53** (2b) 719–726 [Fr, en, 6 ref., In *International Symposium on Crop Protection*] Unité de Zool. Générale et Faunistique, Fac. Sci. Agron. État, 5800 Gembloux, Belgium.

The efficacy of bromophos (Nexion EC 25 at 230 g/litre), fenitrothion (Folithion EC 50 at 500 g/litre), pirimiphosmethyl (Actellic EC 50 at 500 g/litre), malathion (Malathyne 25 at 250 g/litre), deltamethrin (Othrine grains at 25 g/litre) and cyfluthrin (Baythroid EC 050 at 50 g/litre) was determined against *Sitophilus granarius* and *S. oryzae* on stored wheat and *S. zeamais* on stored maize at 27°C and 70% RH. Deltamethrin, pirimiphosmethyl and fenitrothion were most effective, causing 100% mortality of *S. granarius* 7 days after treatment when applied at 0.39, 0.45 and 0.47 p.p.m., respectively. Applications of these insecticides at 0.48, 0.75 and 0.71 p.p.m. resulted in 100% mortality of *S. oryzae* 7 days after treatment, while 100% mortality of *S. zeamals* occurred at 0.24, 0.48 and 0.48 p.p.m.

Editorial additions within abstracts appear in square brackets, e.g. for preferred Latin names of plants, animals and microorganisms.

Where an item is not abstracted from the original document but from a secondary source, this is indicated after the authors' affiliation.

The author and subject indexes for the six bimonthly parts are cumulated to provide annual indexes. Terms used in the indexes are taken from the CAB Thesaurus, 1990 edition.

TO OBTAIN A PHOTOCOPY of an abstracted paper, use the CAB International Document Delivery Service. A form is printed in this issue.

Heavy metals and pesticide residues in medicinal, aromatic and spice plants 1493
High technology in protected cultivation 712
IASTED international symposium 576
Improving the processes in feed production 11-13, 50-51, 188
Institut International de Recherches Betteravières 2692-2694, 3002
Interamerican Society for Tropical Horticulture 2780
Conferences *cont.*
International Biodeterioration Symposium 239
International conference on computers in agricultural extension programs 2534
International Congress of Acarology 3012
International Congress of Entomology 499
International Congress of Plant Pathology, Japan 2331
International food legume research conference on pea, lentil, faba bean and chickpea 3007
International Grassland Congress 2582
International Horticultural Congress 3003
International Rangeland Congress 48, 158
International rice research conference 1987
International seminar on jute 2957
International symposium on agricultural electronics 1500
International symposium on agricultural engineering 89-ISAE 1513, 1536, 1539-1543, 1561, 1563, 1569-1571, 1573, 1577, 1608, 1630-1635, 1720, 1926, 1983, 2001-2002, 2043, 2095, 2207-2208
ISNAR/Rutgers Agricultural Technology Management Workshop 2988
Isotopic tracer aided studies of pesticide residues in stored products 3011
Korean Society for Horticultural Science 198, 229-230, 232
Labour and labour management 492-493
L'économie de l'olivier 457, 502
Legumes in farming systems 669
Malaysian agricultural policy, issues and directions 1969
Management of disease resistance in harvested fruits and vegetables 2791-2796
Massachusetts Fruit Growers' Association 1974, 3001
Mediateurs chimiques, comportement et systematique des Lépidoptères 275
Modelling, identification and control 576
Molecular basis of plant development 386
Mycotoxins -a health hazard in Canada 2892, 2911, 3005
Mycotoxins in feeds and foods of animal origin 403-404, 426, 968
National Agroacoustics Symposium 1216, 1232-1233
National congress on maize and sorghum (EMBRAPA) 1079
National solar energy convention 1993, 2032-2035, 2490
Natural products as a source for new agricultural chemicals 1846
New crops for food and industry 2942
New Zealand weed and pest control conference 1826
On-farm and post-harvest losses of cereal crops in Africa due to pests and diseases 1236-1237, 1296-1298
Pakistan Society of Sugar Technologists 929
Pear growing 1656-1659, 1975
Pesticide residues in food 394-395, 2885-2886
Physical properties of agricultural materials and products 2516, 2950
Phytophthora diseases of citrus and other crops in the Mediterranean area 2818-2819
Plant Protection Scientific Meeting 2721
Postharvest handling of fruits and vegetables 2531-2533, 2553, 2632-2673, 2696, 2786-2790, 2853-2863, 3004

Conferences *cont.*
Postharvest handling of tropical and subtropical fruit 1600-1602, 1684-1685, 1861, 1978, 2810
Postharvest physiology of ornamental plants 2075, 2100, 2212-2214, 2373-2406, 2486, 2879-2881, 2985-2986
Potentialities of agricultural engineering in rural development 1513, 1536, 1539-1543, 1561, 1563, 1569-1571, 1573, 1577, 1608, 1630-1635, 1720, 1926, 1983, 2001-2002, 2043, 2095, 2207-2208
Production, storage, marketing of seed and culinary potatoes 2089, 2190-2196, 2320, 2487
Progress and prospects in insect control 1733, 1736
Progress in irrigated rice research 1987
Protected cultivation of ornamentals in mild winter climates 1368-1372, 1472, 1494
Quality factors of fruits and vegetables 1985
Quality of vegetables 1046-1049, 1160-1162, 1496
Renewable energy for rural development 1993, 2032-2035, 2490
Research and development conference on vegetables, the market and the producer 1683, 1822-1823, 1977
Rice grain quality 5, 151, 441, 498, 1436
Ruminant production in the dry subtropics 178-179
SACCAR Workshop 1809
Seed Technology Course 251
Seminar on improvement of sweet potato (*Ipomoea batatas*) in Latin America 2482
Seminar on Resources of Soil Fauna in Egypt and Africa 786
Seventh International IUPAC Symposium on Mycotoxins and Phycotoxins 1302, 1381-1387, 1400-1405, 1418, 1420, 1499
Silage effluent, problems and solutions 667, 681
Silage for milk production 180-181, 2573
Solar Energy Society of India 1993, 2032-2035, 2490
Sorghum and millet processing and utilisation in Tanzania 445, 477-478, 495, 501
Summerfruit conference, New Zealand 1664
Symposium on international problems in tropical plant pathology 409
Taking taro into the 1990s 2471, 2489
Tropical fruit — technical aspects of marketing 604-605, 692, 740, 855-857, 959, 966, 1340-1342, 1467-1468
Vaccinium culture 580, 2687
Vegetables for processing 1610
World Food Conference 2987
Conveyors
chain and flight conveyors, grain 1036
equipment, fruits 1607

LIST OF SERIALS ABSTRACTED

Listed below are the titles of the serial publications (excluding most annual reports and conference proceedings) abstracted during 1990 for this journal. All the titles are given in full, except abbreviated titles taken from secondary publications such as *Referativnyi Zhurnal.*
Many other serials were scanned during 1990 but no relevant articles were selected. A full list of all the serials scanned for items suitable for abstracting for the CAB ABSTRACTS database and the whole range of CABI's abstract journals is given in the *CAB International Serials Checklist, 1988 edition.* The publication includes ISSNs and publishers' addresses.

CAB INTERNATIONAL INFORMATION SERVICES
PRODUCTS AND SERVICES

Almost 100 scientists/linguists in the 11 Bureaux of CABI's Information Services at Wallingford, UK, with help from associated organizations and individuals worldwide, abstract and index the significant research and development literature in agriculture, forestry and allied disciplines. Over 10,000 serials and many other publications are scanned, and approximately 130,000 bibliographic records are compiled each year. From this computerized database is derived a wide range of information services and products in hard copy and machine-readable form, designed to meet a variety of customer needs.

HARD COPY PRODUCTS

Abstract journals

The following abstract journals on specific disciplines, specialist crops or products, or particular livestock are published, mostly monthly or quarterly. Each has author and subject indexes, cumulated annually in a special issue of the journal.

Animal Science and Production
Animal Breeding Abstracts; Dairy Science Abstracts; Nutrition Abstracts & Reviews, Series B-Livestock Feeds & Feeding; Pig News & Information; Poultry Abstracts.

Veterinary Science and Parasitic Diseases
Helminthological Abstracts; Index Veterinarius; Protozoological Abstracts; Review of Medical & Veterinary Entomology; Review of Medical & Veterinary Mycology; Veterinary Bulletin.

Crop Science and Production
Crop Physiology Abstracts; Faba Bean Abstracts; Field Crop Abstracts; Herbage Abstracts; Horticultural Abstracts; Irrigation & Drainage Abstracts; Maize Abstracts; Ornamental Horticulture; Plant Breeding Abstracts; Plant Growth Regulator Abstracts; Postharvest News and Information; Potato Abstracts; Rice Abstracts; Seed Abstracts; Soils & Fertilizers; Sorghum & Millets Abstracts; Soyabean Abstracts; Sugar Industry Abstracts; Wheat, Barley & Triticale Abstracts.

Forestry
Agroforestry Abstracts; Forest Products Abstracts; Forestry Abstracts.

Crop Protection
Biocontrol News & Information; Nematological Abstracts; Review of Agricultural Entomology; Review of Plant Pathology; Weed Abstracts.

Economics, Development and Sociology
Leisure, Recreation & Tourism Abstracts; Rural Development Abstracts; World Agricultural Economics & Rural Sociology Abstracts.

Machinery and Buildings
Agricultural Engineering Abstracts.

Human Nutrition
Nutrition Abstracts & Reviews, Series A-Human & Experimental.

Biotechnology/Biodeterioration
AgBiotech News & Information; Biodeterioration Abstracts.

Also published is a series of current awareness publications (CAB Prompts) on specific crops. Subject indexes are not provided. Titles in the series so far are: *Groundnuts* and *Chickpeas/Pigeonpeas*. In addition, many retrospective compilations of abstracts (Annotated Bibliographies) on various topics are available on demand.

SDI Service

SDI (Selective Dissemination of Information) is a regular current awareness service based on the most recent input to the database. Subscribers decide their own search profile and receive search results at intervals of their choice, either as computer printout or on floppy discs suitable for most microcomputers. Delivery by airmail.

CAB Alerts

This is a special SDI service providing subscribers each month with the search results from standard profiles chosen by CABI. Numerous titles are available and the list is regularly updated to reflect new subject interests. Output is available on computer printout posted by airmail.

MACHINE-READABLE PRODUCTS AND SERVICES

Online Access

The machine-readable database, known as CAB ABSTRACTS, is publicly accessible online through DIALOG Information Services (USA), BRS Information Technologies (USA), ESA-IRS (Italy), DIMDI (GFR), JICST (Japan), CAN-OLE (Canada) and Tsukuba Daigaku (Japan). The whole database back to 1973 contains over 2 million records. Search aids include the CAB ABSTRACTS Online Manual, the CAB Thesaurus (1988 Edition) and the CAB International Serials Checklist (1988).

CAB ABSTRACTS on Compact Disc

The database is also available on CD-ROM (Compact Disc Read Only Memory). Volume one contains bibliographic citations and abstracts for 1984-86; the second volume contains the 1987-89 data. CD-ROM technology provides an online search capability without the worries of cost or telecommunication problems. An IBM or fully IBM-compatible PC, 640 K RAM, MS-DOS or PC-DOS version 2.1 or higher, and a CD-ROM player are needed. The SPIRS (SilverPlatter Information Retrieval System) software allows maximum search flexibility.

Magnetic tapes

Organizations with access to mini or mainframe computers may lease all or part of CAB ABSTRACTS on magnetic tape. Update tapes are issued monthly, and retrospective tapes as required.

OTHER PRODUCTS AND SERVICES

Document Delivery Service

Photocopies of originals of most articles included in the database are available from CABI Library Services, Silwood Park, Ascot, UK. Documents may also be ordered online via DIALOG's DIALORDER or ESA/IRS's PRIMORDIAL.

Books and serial publications

CABI publishes authoritative reference books, directories and serial publications, the latter including *Bulletin of Entomological Research, Outlook on Agriculture, Index of Current Research on Pigs, Distribution Maps of Pests, Distribution Maps of Plant Diseases, Bibliography of Systematic Mycology, Descriptions of Pathogenic Fungi & Bacteria, Index of Fungi,* and *Systema Ascomycetum*. CABI is a co-sponsor of the International Food Information Service which publishes *Food Science & Technology Abstracts.*

The Organization
CAB International (CABI) is an international, intergovernmental organization registered with °the United Nations. It is owned and administered by its member governments; these currently number 29, but membership is open to all governments who wish to participate. Established in 1928, the organization provides information, scientific, and development services for agriculture and allied disciplines throughout the world.

Information Services
The main task of the Information Services, located at the CAB International Centre (CABIC) at Wallingford, is the creation of a bibliographic database of research on agriculture, forestry and allied disciplines, including social sciences and aspects of human medicine. Abstract journals derived from the database, and online access to it, provide a unique source of information for research scientists, development planners, educators and students. Subsidiary but growing tasks are the publication of primary journals and reference works, and training information professionals in developing countries.

The Accessions Unit acquires the relevant scientific and technical literature (ca 10,000 serials and over 5,000 other publications annually) for abstracting by almost 100 scientists/linguists in the following 11 Bureaux:

Agricultural Economics
Animal Breeding & Genetics
Animal Health
Dairy Science & Technology
Nutrition
Pastures & Field Crops
Crop Protection
Horticulture & Plantation Crops
Plant Breeding & Genetics
Soils
Forestry

Further material is acquired and processed by collaborating or contracted organizations. Other staff coordinate work on specialized directories and databanks, and commission new books and primary journals. The Publications Unit is responsible for printing the journals and books, and the Marketing & Sales Division promotes and sells Information Services products and services world-wide (see inside back cover for details).

Scientific Services
CABI's Scientific Services consist of four institutes and two support services:

CAB International Institute of Entomology (CIE), Director Dr K.M. Harris, located at 56 Queen's Gate, London, and in the British Museum, Natural History.

CAB International Mycological Institute (CMI), Director Professor D.L. Hawksworth, located at Ferry Lane, Kew, London, adjacent to the Royal Botanic Gardens.

CAB International Institute of Parasitology (CIP), Director Dr R. Muller, located at Winches Farm, St Albans, the field station of the London School of Hygiene & Tropical Medicine.

These three Institutes provide an authoritative identification service for agricultural pests and other organisms, conduct research, implement projects, and provide training in their fields of expertise.

CAB International Institute of Biological Control (CIBC), Director Dr D.J. Greathead, has its headquarters at Silwood Park, Ascot, the field station of Imperial College of Science and Technology, University of London. It has stations in Trinidad and Tobago, Switzerland, Pakistan, Kenya and Malaysia. It provides biocontrol services, conducts training, and participates in integrated pest management programmes.

Development Services, (CDS), Head Mr D. Heydon, integrate the broad range of CABI expertise to provide advice and assistance with agricultural problems, but particularly those related to pest management and information services.

Library Services, Manager Mr C.J. Hamilton, have their headquarters with CIBC at Silwood Park, where the main Library is held, with additional literature collections at CMI, CIP, CDS and CABIC. Library Services operate a Document Delivery Service.

Systems
The Systems Division provides computing resources and services to all parts of CABI. It maintains a central computing facility with telecommunications access to seven remote sites, including four CABI Institutes. CABIC is served by a modern Local Area Network which provides access to the computers, and by advanced office automation facilties. The main computers are DEC VAX systems and the principal software systems are BASIS for data management and information retrieval and PAGER for typesetting.

The staff of 20 includes database production personnel, systems analysts, programmers and computer operators. The principal systems are for the production of the CABI bibliographic database and associated functions, plus accessions control, subscription management and electronic publishing.
